

# CROP OUTLOOK IS BRILLIANT.

Largely Cause of Great Activity in Wall Street.

## FEW LABOR DIFFICULTIES.

### Iron Trade Wholesome—Business in Textiles Continues—Business is Healthy.

New York, May 3.—R. G. Dunn & Co.'s Weekly Review of Trade tomorrow will say: "The greatest activity ever seen in Wall Street diverts attention in a measure from progress in distributing and manufacturing operations. But while on every hand stock-market interests are counseling caution and attempting to prove that prices are really more than the condition of some of our railroad warrants, the fact remains that, without a brilliant crop outlook and a great activity of general trade, Wall Street could hold no such carnival. Labor difficulties are fewer and less threatening than for several years before in the first week of May and prices of merchandise hold well, and prices of iron and steel are vigorous. "Stability of prices and vigorous prosecution of work at mills indicates the wholesome condition of the iron and steel market. Throughout the entire range of products of this industry the current demand for immediate delivery exceeds all previous records, yet market prices are not pushed up to the danger point. It is in the finishing steel plants that there is the greatest urgency for shipments, and full capacity is assured for the next three months. After July there is a prospect of respite. Judging by the light engagements of pig iron, and following the unparalleled activity of the past six months, a season of comparative quiet would not be surprising nor unwelcome. There was a rush to get in orders for steel rails before the higher prices became effective, and the erection of new buildings has produced material, which is also for structural material, which is also for considerable request on foreign contracts.

"Business is still reported in the textiles. A further reduction of 15-20 cents for standard grades of cloth, and a moderate advance in buyers appear confident that goods will soon be available at 1/4 cents. There is no improvement in woolsens, and Coates brothers' wool is at 17 1/2 cents, against 17 1/2 on April 1st, and 22 1/2 cents a year ago. Small concessions are reported in a few grades of shoes. Western jobbers are ordering more freely, and shipments from the previous week of a year ago. Leather is quiet, aside from activity in belting.

"Further advances were secured in the cereal market, Chicago speculators being forced to cover May corn contracts at 5 cents. Attractive prices brought more liberal receipts at interior cities, and also stimulated operations on the farm, traders having feared the next crop would be short. In the case of a large yield, despite delayed planting through excessive moisture.

"What also attained a higher point, advanced in sympathy with corn. According to correspondents of R. G. Dunn & Co. there is reason to expect a heavy spring wheat crop this year. In the principal states a full acreage has been planted and the weather is most favorable for germination. On the Pacific coast and in other domestic spring wheat sections, as well as in Manitoba, a larger area than usual is devoted to raising what this year.

"The remarkably healthy condition of business is best appreciated when it is discovered that the defaults last month were the smallest in ninety-one months, with the exception of May to August, 1899, inclusive. In manufacturing lines there were but 163 failures, with a total indebtedness of \$1,997,694, against 178 last year for \$4,141,002. As 1899 reported the smallest liabilities of any full year in two decades, last month's good showing is made manifest by default in manufacturing concerns \$173,575 smaller than two years ago. Trading failures were 555 for \$1,169,823 and banking defaults were \$529,000."

## AGAINST USE OF TRADE.

Committee Opposed to Giving Right of Way Over Ninth South.

The streets committee of the council last night decided against the Salt Lake City street railroad in its request to use the old Rio Grande Western tracks along Ninth South street and the Jordan canal. The committee, in view of the fact that abutting property owners had subscribed to the \$7,000 bonus paid the Rio Grande Western to abandon its right of way along this street, considered that it would be bad faith to turn round and give it to another company. This objection, of course, applies equally to the petitioners of Pleasant Valley Coal company and the Lumber company to use the tracks as far east as State street, so that they could utilize their switches, whose leases have yet three years to run.

## TELEPHONE DELAY.

An objection of President Wallace, of the Bell Telephone company, to the granting of a franchise to the Utah Home Telephone company was held over by the laws committee of the council last night till May 17, owing to the absence of Attorney Elmer B. Jones, of the Utah company. At the meeting two weeks hence Mr. Waterbury, of the Mutual, the other rival company, will also be expected to present his company's claims for a franchise.

## PAY ROLL HELD UP.

Chairman Robertson, of the council finance committee, has aroused the enmity of the waterworks department in refusing to approve the half monthly pay roll. His reason is that the pay rolls for 12 a day when the pay was considered sufficient for the last two seasons, and furthermore the council had not authorized the extra half dollar a day. The controversy will probably reach the council if a rigid quarantine is not maintained.

## THE RUMMAGE SALE.

Articles of All Descriptions Sold for "Sweet Charity's Sake."

As many questions have been asked as to the nature of the "rummage sale" to be held by the P. E. O. society on May 11th, the following explanations by the society will be read with interest:

A rummage sale, is a sale where new and nearly new articles of all kinds can be bought for astonishing low prices. The donors give the articles or articles for "sweet charity's

## SYRUP OF FIGS

### NEVER IMITATED—QUALITY.

## An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinal, laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its action on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

"Anything, and everything, from a candle stick to an old-time silk hat. These donations are classified by the committees and placed on bargain tables, where they go for cold cash like hot cakes. So great is the rush to get bargains, that at such a sale in an eastern town, one man was seen carrying home a stringless violin, while another was just as happy with the empty case. Everything goes—flat irons, baby carriages, slightly worn clothing, artificial limbs, plants, books and magazines—in fact, all of those things which are stowed away in garrets to be out of the way of housekeepers instead of being sold to peddlers, will be found at this sale. Some articles are sold as low as one penny, everything is marked down so that it is bound to be turned into money.

When a merchant was asked, what effect this rummage sale would have upon the stores, he replied: "None whatever; the rich simply transfer the antiques from one attic to another, and the poor are greatly benefited in the buying of some serviceable things for almost nothing, and is the object of the charity."

This sale is under the auspices of the P. E. O. society, which has a membership of over 8,000 in the United States, with a live chapter in this city. The object of this sale is to establish a bed in one of the leading hospitals of Salt Lake, where the poor can be cared for intelligently and without pay.

This rummage sale will be held Saturday, May 11th, at St. Mark's school house.

Said a lady, recently returned from the East: "I am glad to see that Salt Lake City is to have a rummage sale. As a money raiser for charitable objects, it is a great improvement over the usual methods. In these sales everything is sold for less than its value, and the proceeds are used for the most useful purposes. In the case of the P. E. O. society, the sale is for the benefit of the poor, and the proceeds are used for the most useful purposes. In the case of the P. E. O. society, the sale is for the benefit of the poor, and the proceeds are used for the most useful purposes."

## PASSING OF CHAS. LAYTON.

Respected Pioneer of Kaysville Dies of Stomach Trouble.

Charles Layton, a respected pioneer of Kaysville, died at 5:10 on Thursday evening, May 2nd. His death was not unexpected, for he had been ill for several months from cancer of the stomach. Mr. Layton was born in Lincolnshire, England, April 16, 1832. He came to America in 1850, remained in St. Louis until 1852, when he came to Utah, and settled in Kaysville, where he has resided ever since. During the trouble with the Indians in Sanpete in 1866, Mr. Layton was among those who went to protect the settlers. When the Latter-day Saints began to colonize Canada, Mr. Layton was one of the first to go to that country and through his influence a number of prominent people went to make their homes there. He leaves a wife, eleven children, 45 grandchildren and great-grandchildren to mourn his death. Funeral services will be held from the Kaysville meeting house on Monday, May 6th, at 1 o'clock.

## THE PRIESTHOOD MEETING.

The Various Wards to be Visited by the High Councilors.

The regular monthly meeting of the general Priesthood of the Stake met as usual in the Assembly Hall last night, but owing to the inclemency of the weather, only a short session was held. President Angus M. Cannon presided, and meeting opened by singing, "Remember of Israel," etc., and prayer was offered by Elder Thos. A. Clawson, and the meeting continued by singing the hymn, "Our God, we raise to Thee," etc. The names of several young men recommended by their bishops as worthy to be ordained Elders, were read and sustained by unanimous vote.

President Angus M. Cannon said that the Stake presidency had selected the following High Councilors to visit the different wards in this Stake of Zion to examine their records and ascertain their condition: Councilors John Kirkman and Briant S. Hinckley, First, Tenth, Eleventh and Twentieth wards.

Councilors John Clark and Thomas A. Clawson, Second, Ninth, Twelfth and Twentieth wards.

Councilors John T. Caine and August W. Carlson, Third, Eighth, Thirteenth and Eighteenth wards.

Councilors Geo. J. Taylor and John C. Cutler, Fourth, Fourteenth, Seventeenth and Nineteenth wards.

Councilors David L. Davis and Hamilton G. Park, Fifth, Fifteenth, Sixteenth, Twenty-second and Twenty-third wards.

Councilors Henry P. Richards and Elias A. Smith, Twenty-fourth, Cannon, Center, Brighton and Pleasant Green wards.

Some few remarks were also made in relation to giving recommendations and certificates of removal from one place to another. It is important that each member be recommended by the church to another ward, and not one recommend stand for the whole family, and that such certificates be made out on the

William J. Williams is being sued for divorce by his wife, Edith S. Williams, who prays for alimony and the custody of her four young children. Brutality and habitual drunkenness are alleged as reasons for the granting of the decree. The marriage took place in Nov. 1880.

## VARIOUS COURT CASES.

Frank J. Gustin, as trustee in bankruptcy for the creditors of Thomas Matthews has commenced another suit against Matthews' wife, Abigail A. Matthews, to annul a conveyance by deed from Matthews to his wife of 10 rods of ground facing east on Fourth West street between North Temple and First North. It is alleged that the deed was executed for consideration of \$1 on Jan. 12, 1898, when Matthews was indebted to numerous judgment creditors, among them Mary E. Hanks, administrator of the estate of Ephraim M. Hanks, deceased, in the sum of \$500 on a transaction growing out of a horse deal. The complaint charges that the making of the deed by Matthews was in fraud of his creditors and the trustee prays that the conveyance be set aside, a similar suit against Matthews, involving other property, was tried and submitted for decision last week.

Judge Hall yesterday afternoon dismissed the suit brought by Michael F. Dolph and Theodore G. Wolf of Scranton, Pa., against the Niagara Mining and Smelting company and the U. S. Mining company, at plaintiff's cost without prejudice on stipulation of the opposing attorneys.

The suit was commenced a month ago and the appointment of a receiver was asked for and a decree adjudging the absorption of the Niagara property by the U. S. company illegal. The plaintiffs sought an assessment instead of the Niagara company a week ago the defendants answered the complaint by denying all of the material allegations and setting up that the interests of the U. S. Mining and the Niagara company are identical, and that the application for appointment of a receiver was continued until the end of the coming week in order to give the defendants time to file their answer. The suit yesterday came as a surprise to those who were expecting to see a sharp legal battle on the day of hearing, especially the defendant companies seemed anxious of the fray.

Debtors were counsel for the plaintiffs and Dickson, Ellis & Ellis and W. M. Bradley appeared as attorneys for the defendants, but none of them would discuss the case for the dismissal of the action. Manager Holden for the United States company declared that his company had not bought the stock of the plaintiffs, and gave as the reason for the sudden termination of the suit that the Pennsylvanians had concluded they had no cause of action in the premises.

J. W. Heywood was brought by Judge Hall yesterday afternoon to a realization of what a serious matter it is to disregard an order of the district court. Mrs. Heywood obtained a divorce recently and was awarded \$25 a month alimony by stipulation. Mrs. Heywood and the child of whom she was given the custody, left town soon after and Heywood refused to pay her attorney, W. R. Hutchins, who had been retained by the alimony, but insisted that he would pay it only to Mrs. Heywood in person, his object being, he said, to force Mrs. Heywood to stay in Salt Lake with her child, which he desired to see at least occasionally. In consequence he was cited to show cause why he should not be punished for contempt. The court cited the fact that Heywood had agreed to pay alimony, and said when a man made such an agreement and had the money there was no excuse for him to not pay it. "The payment," said the court, "could either have been made into court or to Mrs. Heywood. The money of the defendant that he would pay it to Mrs. Heywood only will not avail. The orders of the court must be respected. There is too much disposition to trifle with the court in these matters, and the court in its order of contempt of law shall have to inflict such punishment as will compel their observance." The court then ordered the defendant to pay the money into court and \$2.75 costs at once. The money was paid.

## MARCOTT UNDER ARREST.

Smooth Young Gaffer is Picked Up in Los Angeles.

A few months ago a young man, gracious in manner and winning in conversation, came in to Salt Lake and introduced himself as "J. Wasland Marcott." He claimed to be representing the New York Journal, and also to be preparing a sort of blue book for the various clubs in the city. He made arrangements for the printing of the book, and secured advertisements for the covers of the last few days. He then borrowed money, giving the advertising contracts as collateral. He was smooth and engaging. He got everything he wanted and paid for nothing. He lived at the Fifth East hotel, owned by C. B. Titcomb, who took his note for \$24. The note was later transferred to A. S. Watson. No one suspected him. He had a woman with him, who he said was his sister. One day they left town, and then the many people whom he had bilked knew what he was. A warrant for his arrest has been issued by Judge Kroeger on the complaint of the Bank of Commerce. Shortly after the arrest, last evening that Marcott had been arrested in Los Angeles, and he will leave tomorrow morning to fetch him back to Salt Lake to face his accusers.

## DO NOT OPPOSE FRANCHISE.

Residents of Forest Dale Ward Favor Salt Lake Road.

Attorney John M. Cannon, of Forest Dale, stated today that it was a mistake to suppose that the people of that section were opposed to the franchise sought for by the Salt Lake Railway company.

"We have canvassed the entire ward," said he, "and have not been able to find one man that was opposed to the franchise."

"No sir," he added, "we are all in hearty accord with it."

## LANDSLIDE IN PARLEY'S.

Park City Train Blocked—More Water in City Creek Than Ever Before.

Another landslide in Parley's canyon, just above the water works weir, this morning created a block on the Park City branch of the Rio Grande railway, which delayed the Park City train about an hour and a half. City creek is larger than it was ever known before. It is flowing clear over the intake flume at the Twentieth ward tank. The water will be riley for several days. A force of men is keeping the water screens clear of leaves, grass and other deposits washed down.
